

ASHLING APRIL 2014 YOUR FAVORITE NEW BAR AT GRILL 23

Ashling was honored to be part of Grill 23's thirty year anniversary project. The First Floor bar was transformed into a soaring glass "jewel box" with embedded, mirrored TVs, bronze riveted leather bar panels and a marble bar top. Designed by Niemitz Design Group the space is vibrant, yet refined. Completion of this project adds a new chapter to Grill 23's legendary history.
